

In order to properly quote and develop your custom 3D imagery, **Power and Designs** will need many of the items listed below. The more information that you provide us with the better we will be able to serve you quickly and efficiently from start to finish on your project.

Photography

- Any type of photography is a big help!
- Property and surrounding property photos
- Interior styles photos
- Aerial photos

Pre-existing Drawings, Sketches, and Renderings

Please send us any and all pre-existing architectural, interior, or exterior sketches, drawings, or renderings available.

Blueprints and CAD Drawings

- Area Details and Amenities
- Building Elevations
- Landscaping Plan
- Topography plan
- Floor Plans
- Site Plan

Design information

- Exterior Design and Building information
- Roof type and style information
- Interior Design information
- Furniture style and layout
